Today's Agenda

Panel Discussion - Examples of Current CoC/PHA Collaborations

Joey Smoak, Total Care for the Homeless CoC Lead Agency

Carol McCall, Myrtle SC Beach Housing Authority

Meredith Daye, Greensboro, NC Housing Authority

Cheri Neal, CoC Program Manager Gilford County, NC

Breakout Session – Brainstorming how PHAs and CoCs can work together across our regions

Thank you for your Time!

SOUTH CAROLINA INTERAGENCY COUNCIL ON HOMELESSNESS

ABOUT SCICH

Lorain Crowl

SCICH Chair – Owner, Leadwell 360 Consulting

www.schomeless.org

SOUTH CAROLINA INTERAGENCY
COUNCIL ON HOMELESSNESS

Who We Are

SCICH is a statewide network of collaborative champions building working relationships to reduce homelessness and create affordable and attainable housing in SC.

www.schomeless.org

SOUTH CAROLINA INTERAGENCY COUNCIL ON HOMELESSNESS

What We Do

SCICH was incorporated in 2002 as a non-profit organization that works closely with SC Continuums of Care, State Agencies, Municipalities, and Funders to develop strategies focused on reducing homelessness and housing insecurity in our state.

Our Goals Today

Are to:
- begin opening channels of communication between and among all the great organizations represented here,
- find areas of commonality in this work, and
- discover ways we can work together to support each other in promoting housing stability to prevent homelessness.

SOUTH CAROLINA INTERAGENCY
COUNCIL ON HOMELESSNESS

SCICH/PHA/COC SURVEY RESULTS

Debra Dusenbury

SC Dept of HUD Field Office

www.schomeless.org
SC Homelessness Collaboration
Survey Results

The SCICH was founded to build collaborative relationships with housing champions to reduce homelessness and increase attainable housing for low-income people across SC. Our goals are to facilitate statewide strategic planning and training to meet that goal, to provide education and training to further our common agenda, and to compile and deliver an annual state of homelessness and housing instability report on the outcomes of our shared initiatives.

1. Is your agency or organization currently involved/engaged in the South Carolina Interagency Council on Homelessness (SCICH)?
2. Understanding of SCICH:
- Many have never heard of it.
- Many would like to know more.
- Many would like to gain a better understanding.

3. Do you believe these goals are meaningful and can support you in your efforts to address homelessness?
- Majority said yes.

■ Yes ■ No

BARRIERS

- Homeless families need supportive services to be a successful tenant.

- Many PHA have working preferences – many homeless would not be in this category. Board also has input on our preferences.

## If you are a PHA, has your PHA established a homeless preference?

■ Yes ■ No

Next Steps

PHA/COC want training, initiatives, and collaboration.

Better understanding of Funding opportunities.

Program flexibility.

SOUTH CAROLINA INTERAGENCY
COUNCIL ON HOMELESSNESS

How Does the Dept of HUD Encourage CoC & PHA Collaboration?

Director Randy Dyal

SC Department of Public & Indian Housing

www.schomeless.org

Two Major Programs

- **Public Housing** – **10,723** families served in SC and **21,255** families in NC

  737,709 families served in United States

  Average Annual Income - **$18,624** – US **$15,954** – SC - **$14,762** - NC

  Homeless at Admission – **11%** US - **7%** South Carolina – **14%** North Carolina

- **Housing Choice Voucher (Section 8)** – **25,576** families served in SC and **55,397** families in NC

  2,328,395 families served in United States

  Average Annual Income - **$17,908** – US **$15,921** – SC **$14,830 -** NC

  Homeless at Admission – 22% - US - **5%** - South Carolina **10% -** North Carolina

Special Purpose Vouchers

Emergency Housing Voucher (EHV)

Mainstream/ Non-Elderly Disabled (NED) Vouchers

Family Unification Program (FUP)/ Foster Youth to Independence (FYI) Vouchers

HUD-Veterans Affairs Supportive Housing (HUD-VASH)

Stability Vouchers (SVs)

Additional Information for Special Purpose Vouchers: Special Purpose Vouchers Fact Sheet

Sharing Resources and Partnerships – PHAs and CoCs

PHAs and CoCs – Teamwork and Collaboration

HUD Guidance

- Notice PIH 2023-13, CPD 2023-05 Housing Individuals and Families through Public Housing and Housing Choice Voucher Programs Notice 2023-13 2023-05
- PHA Strategies to Assist People Experiencing Homelessness Guidebook
- PIH Notice 2024-17 Streamlined Regulatory Waivers to Expedite Admission to PIH programs for Person Experiencing Homelessness

HUD ENCOURAGES

- Waiting Lists Preferences for Homelessness and referrals from CoC

- PHAs to become members of CoC

- PHAs provide training to CoC regarding HCV and PH application process

- Keep waiting list open for preferences

- PHAs with residency preference include shelters, other dwelling places and unsheltered locations

- Dedicate Project Based Vouchers to housing for individuals/families experiencing homelessness (note units may be over 20% cap 10% excepted category)

www.schomeless.org

CoCs in South Carolina

Continuums of Care (CoCs) were created (24 CFR part 578) to:

- promote a **community-wide commitment** to **ending homelessness**;
- to **provide funding** for efforts by nonprofits, designated housing entities, and local governments to address housing insecurity
  - to devise a system that **quickly rehouses homeless** individuals, families, persons fleeing domestic violence, and displaced youth
  - to promote access to and effective utilization of **mainstream programs** by homeless individuals and families, and
- to **optimize self-sufficiency** for those who experience housing insecurity.

Upstate CoC

Total Care for the Homeless Coalition
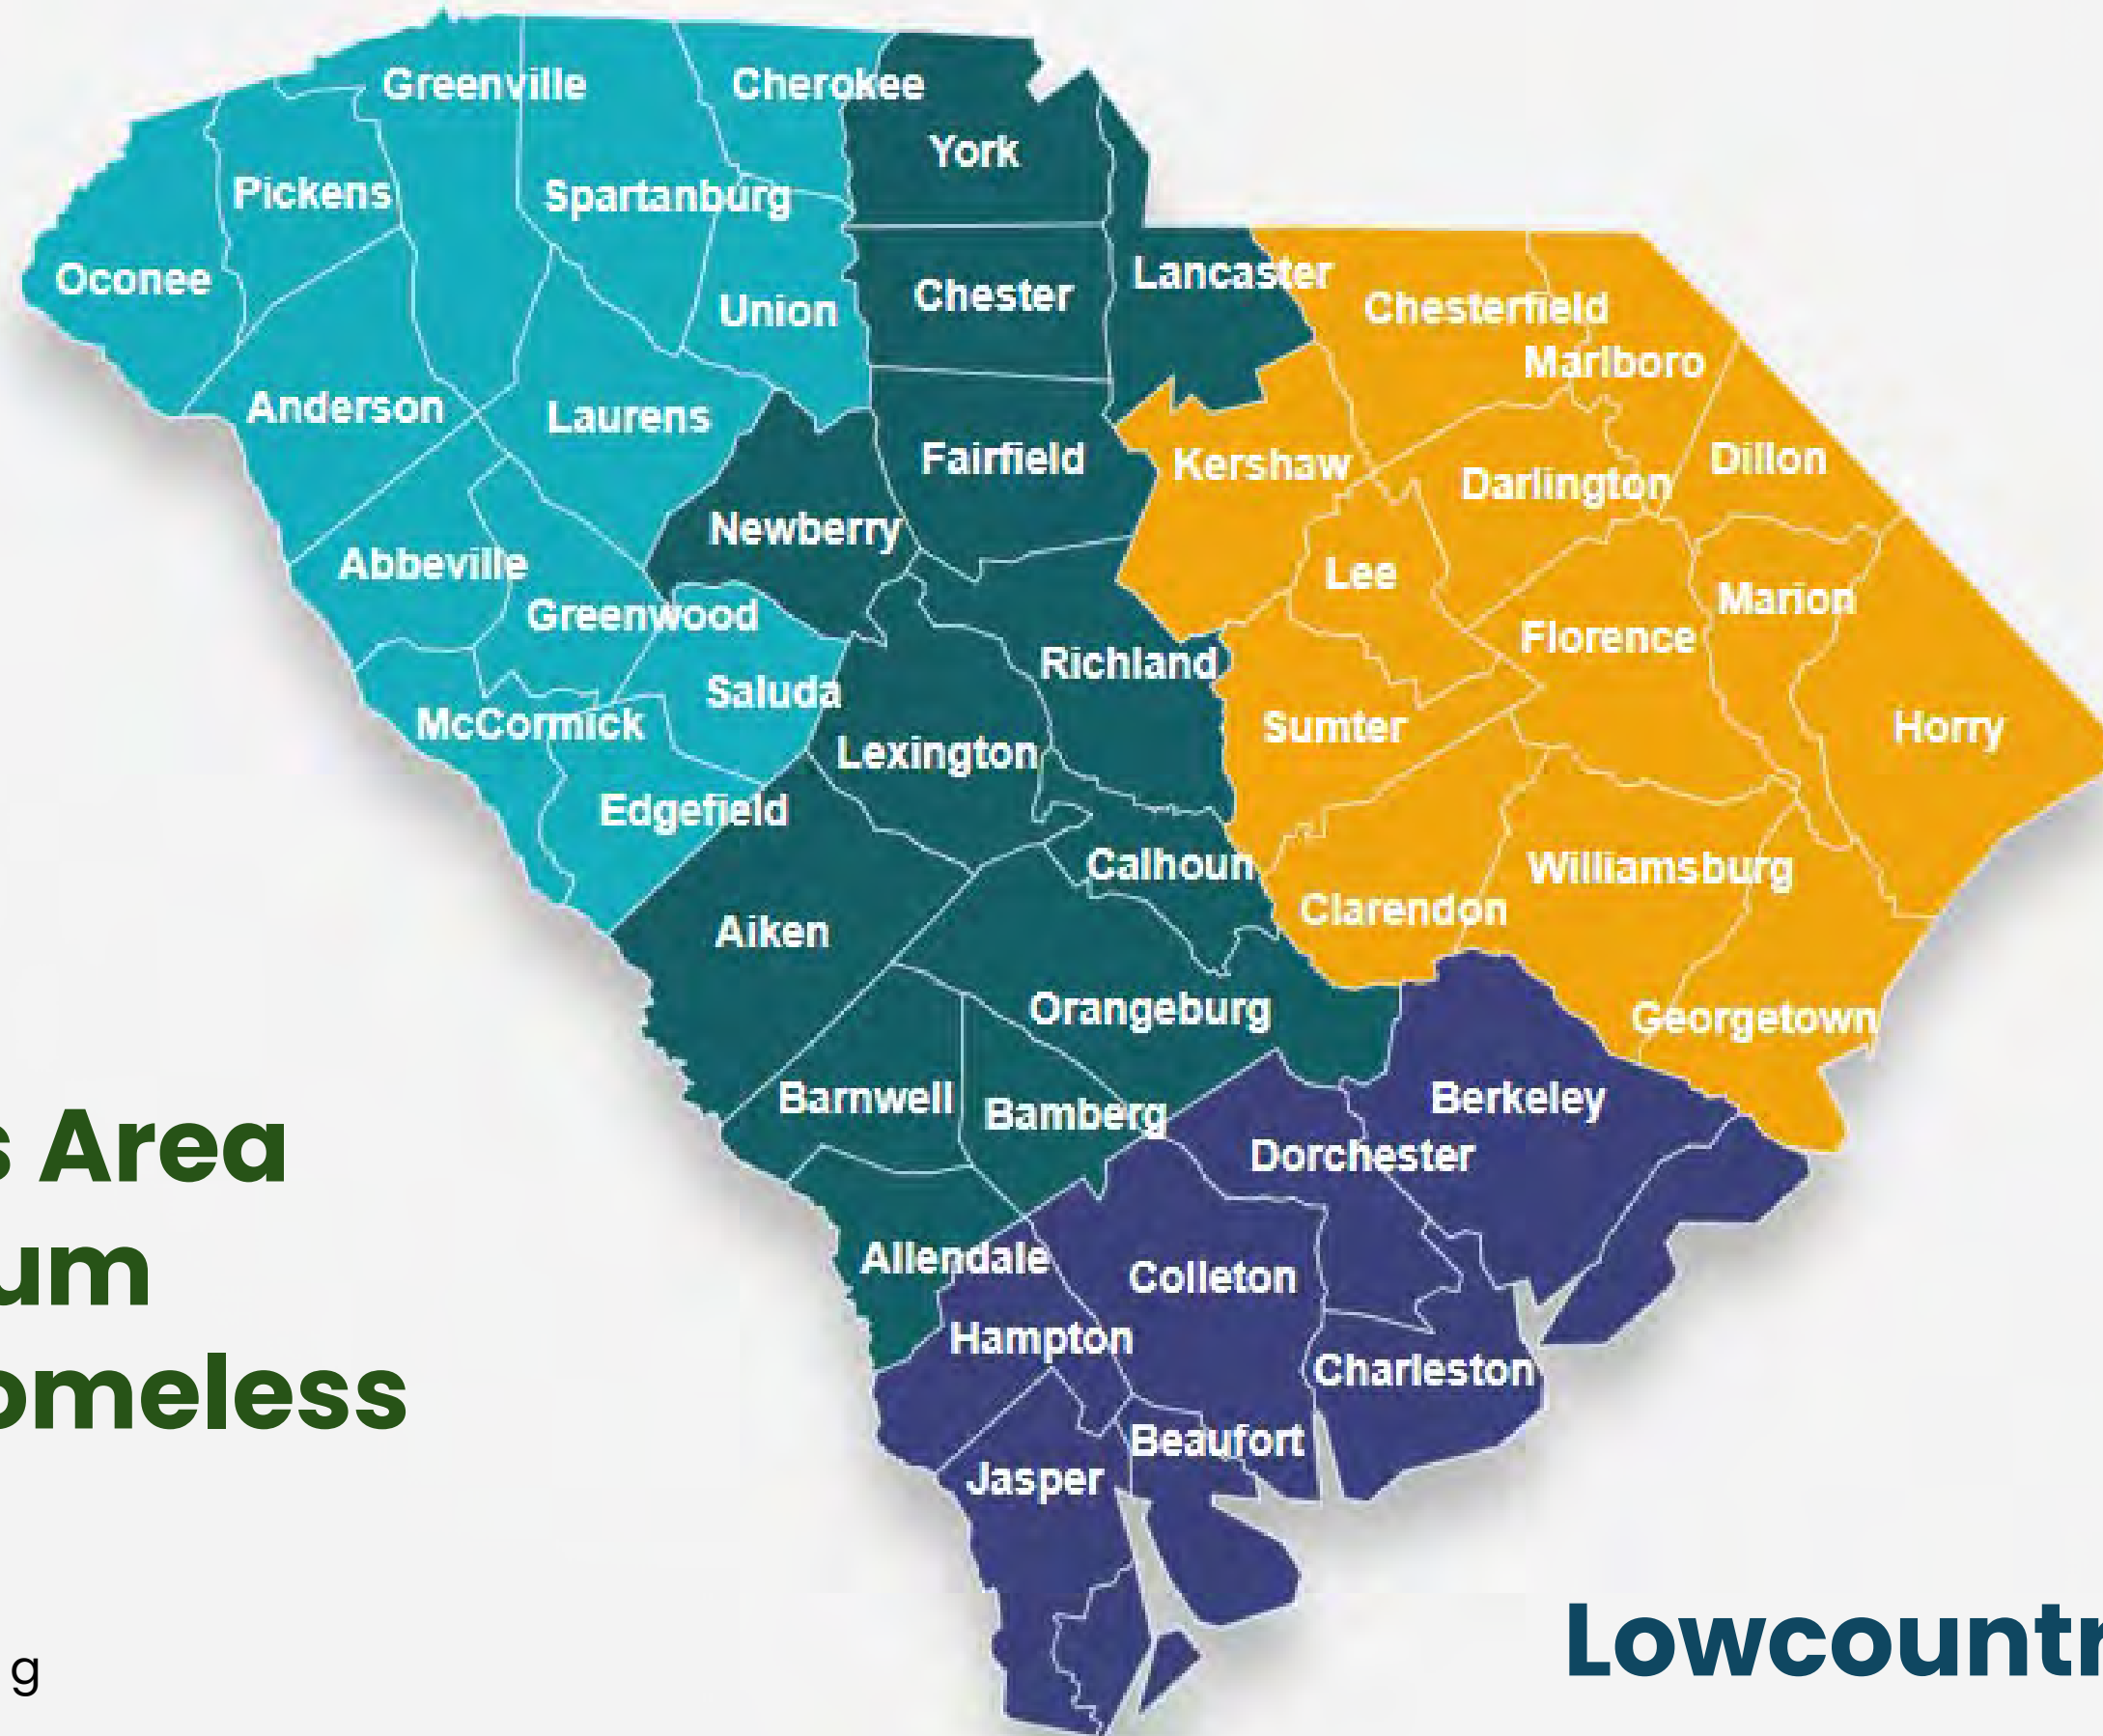

Across the four SC CoCs, there are nearly 200 service providers working together utilizing HMIS and the Coordinated Entry System to house hundreds of people experiencing housing insecurity annually.

What Is Coordinated Entry?

Coordinated entry is a consistent, streamlined process that provides access to housing for the most vulnerable households in our communities.

Through coordinated entry, a CoC ensures that:

1. the highest need, most vulnerable households in the community are prioritized for housing and services and,

2. that the housing and supportive services in the system are used as efficiently and effectively as possible.
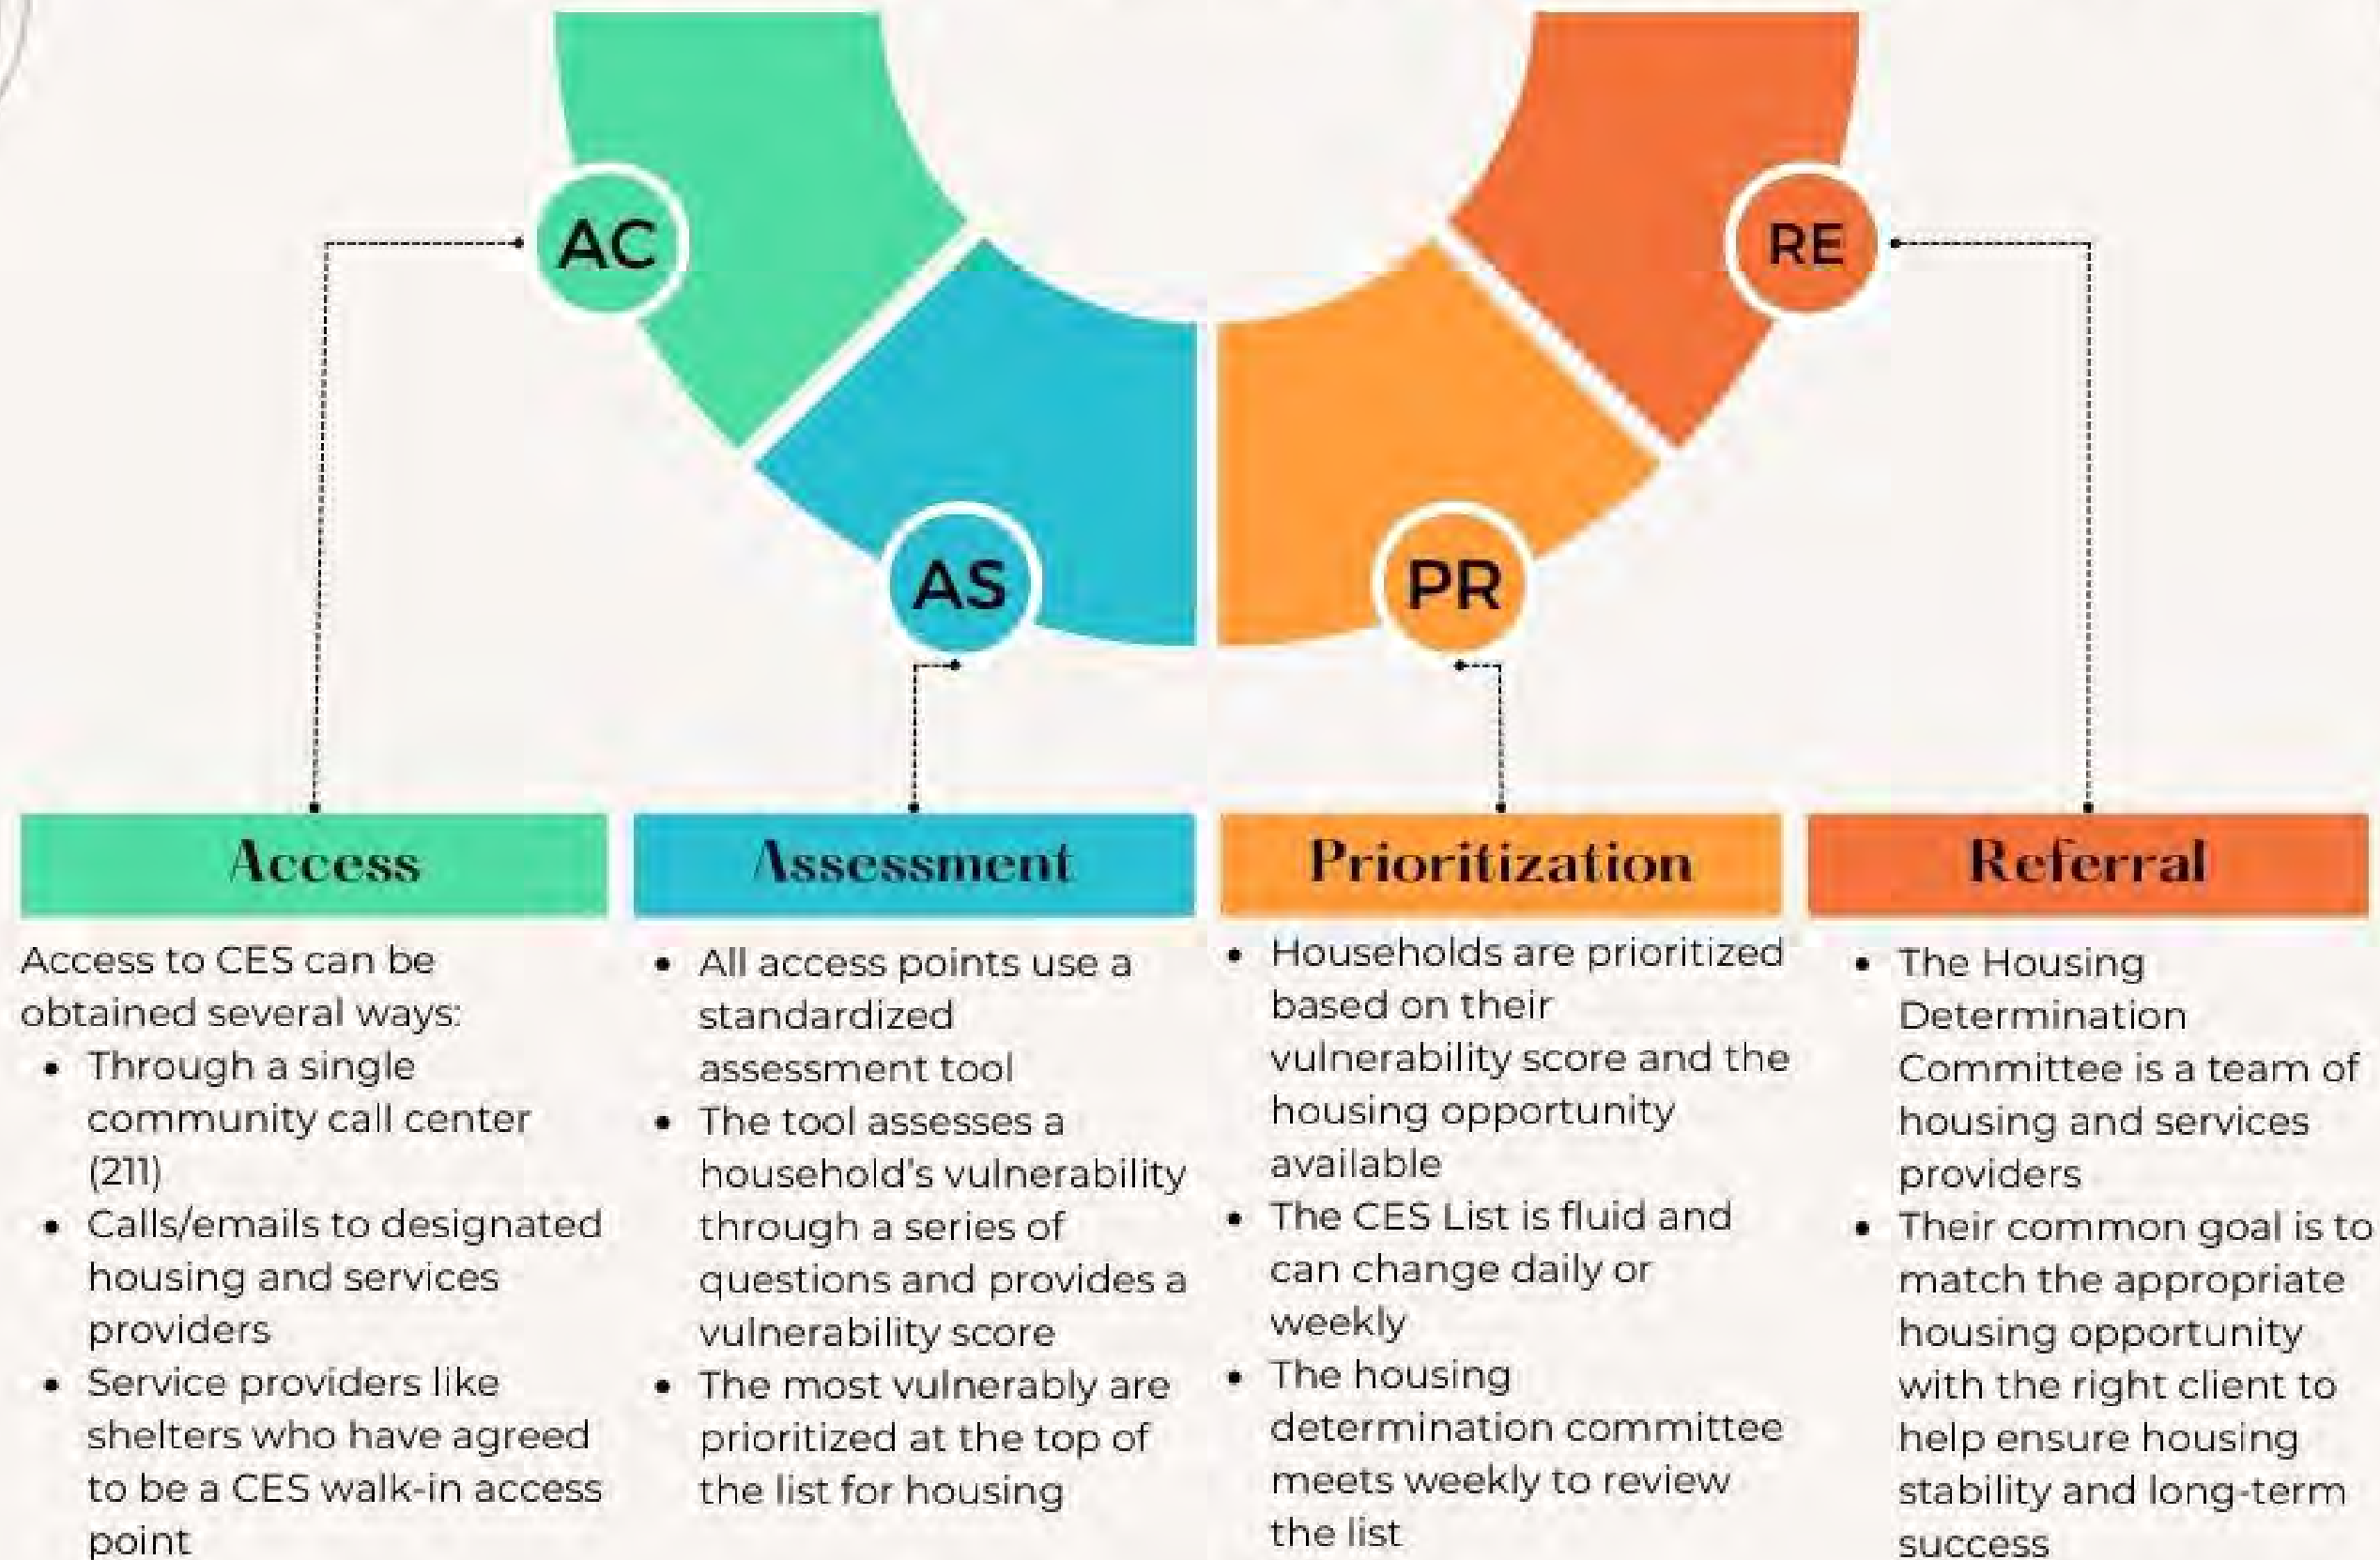

Elements of CoC Coordinated Entry

Coordinated entry is a consistent, streamlined process that provides access to housing for the most vulnerable households in our communities.

AC

AS

PR

RE

Access

Access to CES can be obtained several ways:
- Through a single community call center (211)
- Calls/emails to designated housing and services providers
- Service providers like shelters who have agreed to be a CES walk-in access point

Assessment

- All access points use a standardized assessment tool
- The tool assesses a household's vulnerability through a series of questions and provides a vulnerability score
- The most vulnerably are prioritized at the top of the list for housing

Prioritization

- Households are prioritized based on their vulnerability score and the housing opportunity available
- The CES List is fluid and can change daily or weekly
- The housing determination committee meets weekly to review the list

Referral

- The Housing Determination Committee is a team of housing and services providers
- Their common goal is to match the appropriate housing opportunity with the right client to help ensure housing stability and long-term success

Why is CoC & PHA Collaboration Important?

Joey Smoak

CEO, Eastern Carolina Housing Organization/ TCHC CoC Lead Agency

www.schomeless.org
CoC and PIH Collaboration and the Annual CoC Competition

The Annual CoC Competition

- Notice of Funding Opportunity (NOFO)

- Competitive process

- Open to Non-profit organizations, states, local governments, Indian Tribes and Public Housing Authorities.

- Each individual project application is submitted as part of the Collaborative Application. Up to 50 points is in direct proportion to the score received on the CoC application.

CoC & PIH Coordination

Total of 85 points or 11.76% of the score!

|		
g. *Public Housing* **Agencies.** Coordinates with the Public Housing Agencies (PHAs) located in their geographic area that resulted in admission preferences for households experiencing homelessness, including move-on strategy-which is a partnership between the CoC and one or more PHAs who have an admission preference for clients in PH-PSH who are able and want to move out of supportive housing with a rental subsidy.	10	CoCs must demonstrate how they work with the PHA(s) in their geographic area to: • coordinate with a PHA to apply for or implement Housing Choice Voucher funding that is statutorily dedicated to people experiencing homelessness; • coordinate with a PHA to apply for or implement existing funding for people experiencing homelessness (e.g. Mainstream vouchers, FUP, or other programs);

CoC & PIH Coordination

How have you worked with PHAs to establish an admission preference or a partnership to issue project-based vouchers for household experiencing homelessness?

→
- established PHA(s) admission preferences for households experiencing homelessness which may include a preference for formerly homeless households residing in units of housing for persons experiencing homelessness (e.g., Move-on Program), or project-basing vouchers for households experiencing homelessness;
- ensure at least 20 percent of new PHA admissions were individuals or families experiencing homelessness at admission; and
- Include PHA(s)-funded units described above in the CoC's coordinated entry.

CoC & PIH Partnership to Leverage Housing Resources

Project Capacity Review and Ranking

Total of 27 Points or 7.4%
Have you applied for a PSH or RRH project in partnership with PHAs to utilize subsidized housing units not funded by ESG or CoC funds?

a. *Leveraging Housing Resources.* These points are available for CoCs that apply for at least one new PSH or RRH project that utilizes housing subsidies or subsidized housing units not funded through the CoC or ESG programs. Housing subsidies or subsidized housing units may be funded through any of the following sources: • Private organizations; • State or local government, including through the use of HOME funding provided through the American Rescue Plan; • Public Housing Agencies, including through the use of a general or limited preference; • Faith-based organizations; or • Federal programs other than the CoC or ESG programs.	7	CoC's will receive full points by demonstrating that they have applied for at least one PSH or RRH project that utilizes housing subsidies or subsidized housing units not funded through the CoC or ESG programs. The CoC must demonstrate that these housing units will: (i) in the case of a PSH project, provide at least 25 percent of the units included in the project; or (ii) in the case of a RRH project, serve at least 25 percent of the program participants anticipated to be served by the project. CoCs must attach letters of commitment, contracts, or other formal written documents that demonstrate the number of subsidies or units being provided to support the project. CoCs can receive less than full points for demonstrating commitments less than the threshold described above.

CoC NOFO Includes:

A CoC/PHA Crosswalk Report

CoC/PHA Partnership Details Please!

CoC-PHA Crosswalk Report

🖶 Print

Date Published: August 2023

Description

The purpose of the CoC-PHA Crosswalk is to assist Continuums of Care (CoCs) with providing information for question 1C-7 of the CoC Application, which asks about Public Housing Agencies' (PHAs) progress on serving homeless households for the five largest PHAs that are located within a CoC's geography.

This report identifies the PHAs located within each CoC's geography, as well as the following elements:

- HCV units—the total number of vouchers for which the PHA is authorized to provide.
- PH units—the total number of Public Housing units the PHA operates.
- ACC units—the combined total number of units the PHA can provide, either through vouchers or hard units (ACC = HCV + PH).

The report highlights in gray the five largest PHAs that are located within the CoC's geography. HUD recognizes that the CoC may have relationships with other PHAs within its geography, so for the purposes of question 1C-7, CoCs are to report on the five largest PHAs or five PHAs with whom they have relationships. If there are fewer than five PHAs within a CoC's geography, the CoC should report on all PHAs listed in the report.

Do Your Local PHAs...

Participate in your CoC?

How do CoCs Track Homelessness?

THE HOMELESS MANAGEMENT INFORMATION SYSTEM

The Homeless Management Information System (HMIS) is a database used by homeless service providers to collect client-level data on housing and services offered to individuals and families experiencing homelessness

By the Numbers

In FY 2023, more than 12,300 people experiencing homelessness were served in SC by nearly 200 CoC agencies across the state.

Homeless Management Information System (HMIS) — FY 2023

October 1, 2022 - September 30, 2023

Total Served	**12,376** Persons received homeless services
Gender Identity	**60%** Identified as male, while 39% identified as female
Race	**55%** Identified as black or African American, while 36% identified as White
Age	**1 in 4** Persons at program entry were children under 18
Veteran Status	**1,901** Veterans were served
Adult Survivors of Domestic Violence	**1,479** Adults reported an experience of domestic violence

By the Numbers

- 1,901 reported being Veterans
- 2,318 were under the age of 18
- 8 years old was the average age of participants under 18
- 55-64 was the largest population by age range reporting experiencing homelessness

Veteran Status

Unidentified 1.8%
Yes 18.9%
No 79.3%
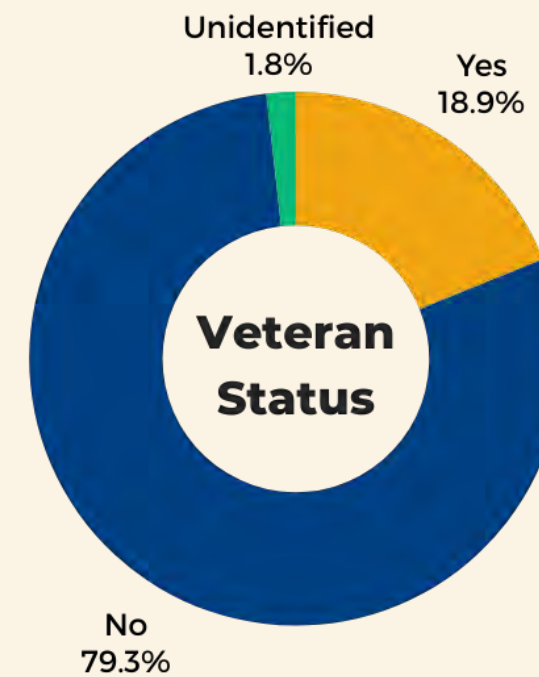

|	Veteran	Non-Veteran	Un-identified
	1,901	7,980	177
	19%	79%	2%

Of the 10,058 adult program participants, 1,901 (19%) reported being a Veteran.

2,318 (19%) of program participants are under the age of 18 years old.

55-64 is the largest population by age range at 2,245 (18%).

Participant Age Ranges

Age Range	Count
<6 yrs	864
6-11	698
12-17	756
18-24	964
25-34	1,837
35-44	2,074
45-54	1,997
55-64	2,245
65+	941

	Overall	Adults	Under 18
Average Age of Participants	41	46	8
Median Age of Participants	43	47	8

Avg Age at Entry

Under 18 Years 8
Overall 41
Adults 46

By the Numbers

- Of the 10,156 households served across the state, 85% (8,597) were single adults
- The system tracked 267 unaccompanied youth ages 18-24 years old

By Household Size

- 2 People 5.7%
- 4 People 2%
- 1 Person 87.3%

10,154 Households reported a homeless experience in FY23.

8,862	577	336	205	176

Number of Persons Per Household

Household Composition

1-Person Households
Single Adults	8,597
Single Unaccompanied Youth	267

2-Person Households
Single Adults	236
Single Adults w/Children	341

3-Person Households
Adults Only	17
Multiple Adults w/Children	89
Single Adults w/Children	230

4-Person Households

Multiple Adults w/Children	84
Single Adults w/Children	91
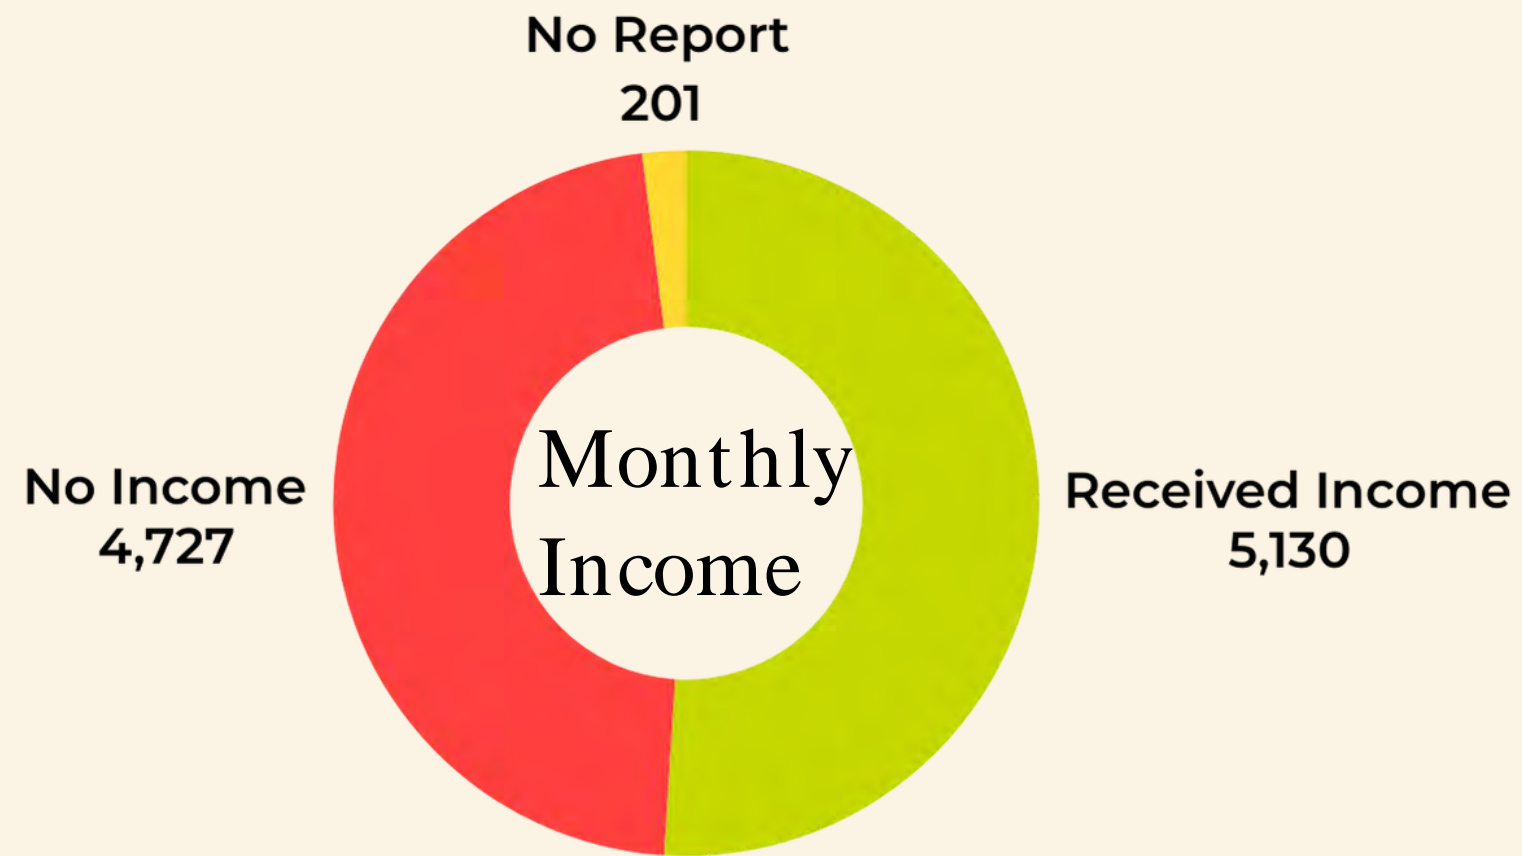

About CoC Housing Programs

Lorain Crowl

SCICH Chair – Owner, Leadwell 360 Consulting

www.schomeless.org

What is Permanent Supportive Housing?

- The CoC Interim Rule defines permanent supportive housing as permanent housing with support services provided to assist homeless persons with a disability to live independently
- It does not have a program end date. The housing and services are provided as long as the person needs them.
- CoC funding can pay for rent, utilities and case management and a host of additional services

What is Rapid Rehousing?

- Helps households experiencing homelessness find housing quickly
- It is not a permanent program of support – typically from 3-24 months
- It is ideal for households who do not have a chronically homeless experience and are not disabled
- It is designed to be a bridge for assisting households to become stably housed.
- Case management, rental and utilities assistance, along with supportive services are included in the program

How Can These Models Work for CoCs & PHAs?
Permanent Supportive Housing

**CoCs Have 2 Major Housing Programs**

Rapid Re-Housing

Both Programs are Supported by Case Management!

PHAs Can Provide Limited Preferences of Their Own Choosing

- PHAs and CoCs can partner on grant opportunities – CoCs provide PSH services and PHAs provide limited preference vouchers or project-based vouchers

- Limited preference vouchers could be used as move-on strategy for persons exiting the CoC PSH program

- The coordinated entry process can assist PHAs in pre-qualifying persons for housing and make preference referrals

Or Any Combination of these criteria!
